PROJECTS

Goals Tracker

View on Github

Web App to keep track of your long term goals. When creating a new goal set up a deadline, a person to which you will be accountable and a bet that you will give away if deadline isn't met.
Stack: React with hooks, MUI, local storage

Black Jack

View on Github

Simple Black Jack web game for one player.
Stack: React with hooks, CSS, Cards API

ReactiON Game

View on Github

Web game for 2 players on reaction speed. Play for 10 rounds and see who's faster!
Stack: Vue.js, CSS

Wisdom Quotes

View on Github

Web app to get random quotes of wisdom. Save your favorites and look up all quotes by author.
Stack: React, CSS, local storage, Quotes API
